

REMARKS

Applicant has amended the claims in keeping with the Board Decision dated January 31, 2008. Applicant submits that the new claim language distinguishes over the prior art as interpreted by the Board, which defines the distinguishing structure of the track wherein the relative location of the channels in relation to the edges of the track has one channel at a greater distance from the edge than the other channel.

CONCLUSION

In light of the above amendments, Applicant believes that the application is in allowable form and action toward that end is respectfully requested. If any issues remain that can be resolved by telephone, Examiner is invited to call the undersigned attorney.

In the event that Applicant has overlooked the need for an extension of time, an additional extension of time, payment of fee, or additional payment of fee, Applicant hereby conditionally petitions therefor and authorizes that any charges be made to Deposit Account No. 02-0390, BAKER & DANIELS LLP.

Respectfully Submitted,
